Dear Requester

Thank you for your request for information about wastewater treatment works, which we received on 12 February 2026. Your request has been considered under the Environmental Information Regulations 2004 (EIR).

You requested:

1. A list of all wastewater treatment works operated by Anglian Water
2. PFAS monitoring data conducted at wastewater treatment works operated by Anglian Water

### **EIR Response: Partial Provision & Partial Refusal of Requested Information**

Please find attachment:

- Wastewater Treatment Works.xlsx

**Item 1** is held by Anglian Water and has been partially provided as an attachment.

The site address has not been disclosed. The exception applied is: regulation 12(5)(a) of the EIR, International relations, defence, national security or public safety. Disclosure would adversely affect public safety.

Wastewater treatment works are an important part of our network, disclosing the precise location of these critical sites would undermine safety. We do not believe you have requested this information for this purpose, but disclosure under EIR is to the world, and therefore the information would be widely available.

**Item 2** is not held by Anglian Water.

PFAS monitoring is not carried out at wastewater treatment plants.

**IMPORTANT: The information supplied to you continues to be protected by the Copyright, Designs and Patents Act 1988. You are free to use it for your own purposes, including any non-commercial research you are doing, and for the purposes of news reporting. Any other re-use (for example, commercial publication) would require the permission of the copyright holder. It is important that this data is not published for security reasons.**
